

If you allow low frequency fm stations to take priority over my christian radio programming you are doing a tremendous disservice to myself and other end users of fm radio. This is my choice for positive, encouraging radio and it would simply not be right for you to take this right from me and effectively dictate to me what I can and cannot listen to especially when you consider the filth other stations offer compaired to the uplifting programming I chose to listen to. Thank you for taking the time to read my comments.
